presidente do Parlamento sueco ("Speaker of the Riksdag"),

Federal, Rodrigo Pacheco, e da Câmara dos Deputados, Arthur
Lira. Transcrevo, a seguir, o teor da missiva:

"Stockholm 15 February 2023
Ref: 1527-2022/23

Dear Colleagues,

On behalf of the Riksdag, I would like to express my support
to you in this time of domestic turbulence. It was
comforting to hear that the National Congress has again
convened and its members have been sworn in. I wish to

President of the Federal Senate and of the Chamber of
Deputies and wish you great success in your important
duties.

January, the acts of outrage against democracy and the damage to art and architecture. It was a shameful assault on one of the world's largest democracies and as a fellow Speaker I can imagine how it must have felt to watch the intruders occupy the heart of your legislature. I am convinced that those who engaged in this violent attack will not prevail.

Sweden and Brazil enjoy close bilateral relations and we have cooperation and exchange at different levels of society. Since our Parliaments also enjoy good relations and share the same fundamental values and principles, I am confident that our cooperation will continue to develop in a constructive and positive manner.

Yours sincerely,

Andreas Norlén
Speaker of the Swedish Parliament"
